GEORGIA CHILD CARE ASSOCIATION

GCCA INDIVIDUAL MEMBERSHIP FAQ'S

What is it?

For several years, the Georgia Child Care Association has had the individual membership category which allows child care professionals to join GCCA as an individual member.

Why was it created?

GCCA received inquiries over the years for this type of membership. With the need for credentialed teachers growing, many child care professionals have returned to the classroom to earn their credential in the early education field. One of the steps in most credentialing processes is demonstrating membership in a professional association. This category of membership will assist with child care professionals with their ongoing commitment to professional development.

Who can join as an Individual Member?

This category of membership is available to any employee of a licensed child care facility. Your center does not have to be a member of GCCA to become an individual member.

Does this replace Center Membership?

Membership in this individual category is complimentary to, **but does not replace**, GCCA center membership. Center members will still be the only ones to receive Legislative Updates, and email blasts.

What are the benefits as an individual member?

Individual Members will receive a certificate when enrolled as an individual member, and entitles you to discounts off GCCA sponsored training and meeting registration fees.

How do I join?

Simply fill out the application form on the other side of this page, enclose payment and mail to GCCA. When we receive your application, we will process your application and mail your membership materials to you.
